The Campaign

REPUBLICAN TURNOUT!

HON. S. COLFAX,

Vice President of the U. S., will address the citizens of Marshall county, on the political issues of the day, at

PLYMOUTH,

Friday, Oct. 7th, 1870, at 1 o'clock P. M. Let every man, woman and child come out to hear our distinguished Vice President, Indiana's favorite son, and gifted orator.

Center Township Republican Convention.

The Republicans of Center Township are requested to meet at the office of Phillips & Johnson on Thursday evening Oct. 6th for the purpose of nominating candidates for the several township offices to be filled at the coming election. By order of the committee. W. H. SIMONS, Chairman.

THE LAST WORDS.

But few days remain before election day. Next Tuesday will settle the important political questions at issue. Give these last days to earnest work for the political reformation of this county, and for holding the vantage ground the Republican party now has in the state and nation. These interests are of the highest importance. Delay them not. Place the interests of your county, your state, your nation, high in preeminence; and with the enthusiasm inspired by pure principles and noble aims work earnestly. When next Tuesday shall have brought its golden opportunity to you, fail not to deposit your ballot against that county ticket that represents the corrupt Democratic "clique" that has debased us, impoverished us, and made this county the Dead Sea country of northern Indiana. All the counties around us will do nobly. Shall we be an exception? Shall we have no progress? Must we still be trodden down by the corrupt "clique" that has so destroyed our greatness these many years? Vote no. Every vote will count. Let no person opposed to the Democratic county ticket refuse to vote next Tuesday. Be at the polls and honestly, faithfully, earnestly work throughout the day; and carefully watch the tickets and be on your guard against the tactics of the court house barnacles. Then remember that the state has also a claim upon you. Vote down the name of J. F. Van Valkenburgh. His election would be a burning disgrace to our county. The Republican state ticket is unexceptionable,

and the record of the party in the administration of the affairs of this state is brilliant. The party has made a glorious history for this state, and crowned the state with the highest prosperity. No better man for judge of the Supreme Court could have been selected. The name of Judge Osborne is above the fairest whisper of suspicion. He who votes the Republican state ticket can do so with the motives and impulses of an honest and intelligent manhood. Then send back to Congress the faithful, true, and tried representative from this district, Gen. Packard. Mr. Anthony has refused to define his position on any public question. We know him only by his past political life. He has been constantly on the side of the "Copperhead" portion of the old Democratic party, and if he should be elected would vote and work from necessity with that political element against all that the nation has so grandly accomplished the past ten years. Be on the side dictated by an enlightened conscience, comprehensive information, the spirit of enterprise and progress. Put not yourself under the control of those who have no sound political principles. Go not with those who simply battle against the spirit of the age and grumble at progress. Who live by nourishing prejudice, and pandering to all the baser passions of human nature. Republicans! You have much to contend against in this county, but you are strong with the consciousness of right and noble motives. BE VIGILANT. BE AT THE POLLS. With cheerfulness and earnestness do your whole duty as those not ashamed of the right, or intimidated by the frown of those who oppose you. We can do more than we think we can. The dawn of the coming day is bright and promising. To the front brave hearts. FORWARD! MARCH TO VICTORY!!

REMEMBER THE FACTS.

Remember that in Democratic counties of this state the people are taxed higher than in Republican counties. Remember that the Republican party shows beneficial results from taxation, and the Democratic party does not. Remember that the Republican party in this state has never had a dishonest or defaulting state officer. Remember that the Democrats used \$100,000,000 of government land grant funds. Remember that the Democrats sold state bonds to favorites at a heavy discount. Remember that a Democratic state agent put upon the market a "few millions of forged state bonds." That Democratic officers went out of office defaulters. That the Republican party, without a single state official being accused of misappropriation of the public funds, has retrieved the state of a Democratic debt, and has brought up the state in enterprise and prosperity to a proud eminence. Forget not that the Democratic party proposes to undo all that the Republican party has accomplished in the national administration of affairs—to tax the bonds and thereby pay the public debt by taxing it—that is—by repudiating it—to sweep away the national banks—to overthrow the amendments to the Constitution, and restore the secession element of the country to power. Forget not that the Democratic party opposes the reduction of taxes made in the last Congress, that the party would not vote the reduction unless conditions would be complied with that would destroy the credit of the nation. Think of the brilliant financial management of affairs under Grant in comparison with the rule of Buchanan and A. Johnson. Call to mind the fact that the Democratic party declared the war a "failure," and that the party in this county passed secession resolutions. Call to mind the fact that the Democratic party of this county has failed to improve the county. That the taxes go, to a great extent, into the pockets of the court house ring, and the county is left with poor bridges, poor public buildings except a new court house now building by money, to a great extent, taken from the people and loaned out when the people were greatly in need of it. Remember that the "clique" of this county have kept this town and county under a bad name, and behind the towns and counties around us; and then reflect that the greatest disgrace that could happen to this county in addition to the rule of the "clique" hereafter, would be the sending of J. F. Van Valkenburgh to the State Senate.

TO THE VOTERS OF MARSHALL CO.

In 1849 the State debt was eight million three hundred thousand dollars, nearly. Gov. Wright reduced this debt two hundred and seventy-one thousand during his administration. During Gov. Willard's administration the debt was increased to over ten millions, so that when the Republican party took upon themselves the administration of the affairs of this State, they took it with a Democratic debt of over ten millions of dollars. At this time a horrible war was forced upon the country, a war without parallel in the history of the world, which added three millions to our burden, and notwithstanding this increased burden, rendered necessary by the war, and the further sum of twenty millions added to this to keep our soldiers from perishing, the Republican party has paid the Democratic debt, and released the State from every obligation, and left over two hundred thousand in the treasury, and this all done without increasing the rate of taxation for State purposes one cent, except for 1865, when in that extraordinary year the tax was increased five cents on the hundred dollars. If this is not economy we are unable to find an administration in the history of the nations of the earth that could be called an economical administration. If the ordinary expenses of the State under Democratic rule under a tax of from 15 to 20 cents on the hundred dollars increased the debt at the rate of two hundred thousand per year. How could the Republican party pay the debt with the same per cent. of tax and the same time pay the extraordinary expense of the State without the strictest economy. Or the Republican party alone can it be said that not a single Governor, member of the Cabinet, member of Congress, or prominent citizen signed an ordinance of secession, or fired upon our flag, or shot down its defenders. For every dollar the nation has to pay for interest on the public debt, for every dollar of taxation, internal and external, over the ordinary expenses of the government on a peace basis, a Democratic rebellion, and a Democratic administration are responsible. That is what is the matter. Do you want more of the same thing? If not, vote for the Republican candidate for Congress, and not for the candidate of the Democratic party, who was forced to put out the United States flag on account of his secession sympathies. One of the Court House ring says that the collecting of money before it was wanted in building the new Court House, and loaning it out, saved the tax payers a vast amount. The tax payers could have made far more money with their means in their own hands, at that time and during these many years. Nice economy that!

NEXT TUESDAY.

Next Tuesday is approaching, and the people will again be called upon to choose men to administer the affairs of the government. This right is the highest prerogative of an American citizen. In the choice you may make may depend the weal or woe of the nation. You may make this a government of burdens or a government of blessings. Two parties are before you presenting their claims and asking your suffrage, each contending that they have, from their careful management of affairs, a claim upon your suffrages. You must now make the choice, and should remember that when you vote the Democratic ticket you vote for encouraging the taxes upon the people from 50 to 100 per cent. That the success of the Democratic ticket is synonymous to encouraging taxation. That if you vote the Republican ticket you vote to relieve yourselves of a burden of twenty millions per month in government taxes, to keep the State out of debt, and to reduce the taxes of county and local purposes to an amount consistent with an economical saving expenditure for necessary purposes. If you vote the Democratic ticket you vote for an increasing public debt; to take back the Wabash and Erie canal; and that the people of Marshall county shall pay \$25,000 for cashing county expenditures. If you vote the Republican ticket next Tuesday, we can assure you that you are voting to reduce the expenses of Marshall county \$12,000 per annum, and if you vote the Democratic ticket, you are voting for an increased expense on the people of Marshall county to the amount of \$10,000. If you vote for the Republican ticket you vote for men who will manage the affairs of the county for \$10,000 per year. If you vote the Democratic ticket, you vote for men who will increase the expenses to \$30,000 per year. We therefore exhort you in behalf of this great county, in behalf of our fathers who bequeathed it to us, in behalf of those whose limbs and blood were given to defend it, and in behalf of the cries of the orphans, to vote the Republican ticket.

THE ISSUES.

THE ISSUES. In order to be the issues of the day and be thoroughly discussed by that Democratic statesman, B. W. Hanna, we attended the great Democratic mass meeting held at Plymouth on the 28th ult. We cannot attempt to describe the enthusiasm of the audience that partly filled the court room, for the speech was so enterprising that the enthusiasm escaped our notice; but will content ourselves with a recapitulation of the political issues as presented to the citizens of this county by the Democratic candidate for Attorney General. In his introductory remarks that gentleman said: "I propose to discuss the issues that are before the people of Indiana, and to give a reason for my political faith." Carefully noting them as they were presented, we obtained the following as issues: First—The cause of the Rebellion. Second—The destruction of the Constitution. Third—The recent legislation of Congress to guard the ballot box, and punish illegal voters. Fourth—The payment of the National debt. Fifth—The economy of the present administration. Sixth—The tariff. Seventh—The donation of the public lands. In discussing the first issue, he claimed that the Republican party caused the war by not accepting the compromises offered by the Democrats of the South—that Republicans led the South to secede, and when it did, they (Republicans) made war upon it and thereby caused the slaughter of thousands of human beings—and that no Democratic statesman or paper in the North favored secession. The destruction of the Constitution, he claimed, was accomplished by three amendments to it, which completely changed the character of that heretofore glorious instrument, and which made white men stoop to the level of Negroes and Chinamen. His comments upon the third issue were laughable. He said: "We have a large number of Negroes in the southern part of this State, and if I, by chance, should step on their large feet, which generally spread all around the body, and thus hinder them from getting to the polls on election day, I would be subjected to a fine of \$500 or imprisonment for one year, probably both." He made a pitiful cry about having to retain Negro tenants if they did not vote to snit him, and about having to sleep with them at taverns. These issues are forever passed. The Rebellion, the leaders of which were all Democrats, was crushed by a Republican Administration, with an army principally Republican commanded by generals who are now Republicans. Our great Republic owes its present prosperity to the Republican party. If it had accepted the nonresistance policy of northern Democrats, we would today, be groping among the ruins of a fallen Republic. The constitutional amendments add additional lustre to that powerful document. It now stands peerless among all other printed or written matter, except the Bible, and is the bright guiding star of the government that furnishes a home with equal social and political rights to the oppressed of every clime. Notwithstanding the Democratic cry of burdensome taxation and Republican tyranny, the hearts and hopes of the poor and down-trodden of all other countries turn to the American Republic. We were surprised that the learned Hanna should class the questions that have been laid aside, as issues now before the people, but will pass to the fourth, the most important of all. He objected to all the provisions of the administration by which it is now so rapidly paying the debt, and advocated the theory of issuing \$300,000,000 per year in greenbacks which should be applied to the payment of the debt until it was paid. He disputed the economy of the administration, and to prove his point, referred to the difference in the prices of dry goods and groceries now and ten years ago. We wonder if he thought that even the Democracy would consider that an argument against economy on the part of the administration. He, no doubt, misjudged the intellect of Marshall county. He opposed the tariff for protection, and the donation of public lands to railroads. As the Republican party is divided in sentiment upon these questions, and the Democracy is not a unit in its opinion of them, they are not really issues that divide these two parties. The only true issue that the gentleman referred to is the payment of the national debt. His proposition in which we recognize the policy the Democrats propose to adopt if they come into power, demands the prompt consideration of the legal voters of the union. His policy of paying the national indebtedness with greenbacks is simply paying the face of a note by giving another note. The government bonds are notes drawing interest from date, while greenbacks are notes that draw no interest. Two evils would attend the exchanging of the latter notes for the former. The one would be a fluctuating currency, the other a ruined national credit. The former, although a great evil, would not be as dangerous to the Republic as the latter. In order to preserve the union, the government was compelled to borrow means to carry on a great civil war, and gave a note bearing interest from date. It is now proposed to issue a new note drawing no interest, and say to the creditors of the nation at home and abroad—You must exchange our interest-bearing notes for our notes that draw no interest with the direct understanding that the latter will never be paid. What honesty is there in such a policy? How could our government expect to receive loans in the future after paying her honest debts in such a dishonest way? What nation or what grant has ever acted so? Shall this great and wealthy Republic, the pride of Americans and the hope of the world, resort to means of paying her debts that even the most barbarous nations have not thought of? I think I hear every honest man say no. That is a policy well fitted for the advocacy of men who rejoiced at rebel victories, who mourned over the success of union armies, who refused to vote for another man to fill up the thinned ranks of the Republic's defenders, or another dol-

THE ISSUES.

lar to feed and clothe the nation's patriots. But honest men—men who stood by the government during the time of its darkest hour—men who have the future welfare of our Republic at heart, detest such a policy. Republicans, you are again called upon to save the integrity of the nation. You have hurled back at the point of the bayonet, and at the ballot box on many hard fought fields the foe of American Liberty and National honesty. That foe still lives; and although it assumes a new garb, it is equipped and ready for its fight. Do not let the apparent apathy in politics deceive you. You are needed at the polls, next Tuesday. Through your past and present inactivity, you may lose your country, and have to endure, for two years longer, the burdens imposed upon you by a "clique" that seeks its own financial interest. But "your country yet remains." The honesty of its government is still inviolate, and its preservation depends upon your votes. You have answered promptly to the calls of the nation in the past, but past services will not answer for the present or future. Go to the polls early. Vote early. See that every Republican is there. If any are careless, remind them of their duty. If any are sick, furnish conveyances if possible. Success will crown your efforts. A Republican administration and a Republican congress will continue the work of retrenchment of our national expense—the payment of the national debt, not by exchanging notes for notes, but by redeeming them with coin, "taxation will be lowered and equalized as rapidly as the national faith will permit," and the nation will continue to prosper beneath the banner of universal freedom and equal rights before the law. FRITHAMBEREST.

FOR REPRESENTATIVE TO CONGRESS.

FOR REPRESENTATIVE TO CONGRESS. No better man could be sent to the legislature than John S. Bender. He is as much superior to M. M. Galentine as gold is superior to dirt, or fresh air to the miasma of a marsh. John S. Bender is a citizen of the purest principles and noblest aims. He will make a representative that Marshall county can be proud of. He is perfectly reliable, industrious, genial, able, and possesses a character far above reproach. It will be a disgrace to the county to defeat such a man, and elect M. M. Galentine. If the people elect Washington Kelly sheriff of this county, he will never declare that he will resign before arresting the great mogul of the Democratic "clique." He is as true as steel. He is a man whose citizenship is pure, and whose example will give character to the office. Let us have a noble man in that office after so long a time of patient submission to men of no character or worthiness. Mr. Kelly is a hard working, noble citizen. Honor the worthy, reward the laborer. Let us have county Commissioners who are not old fogy Democrats. We want men of enterprise and strict honesty and economy. Vote out the antediluvians and court house sympathizers, and vote in men of the present century who will do something respectable and do it without playing into the hands of a favored few. The cost of administering the Government under Republican rule, with forty millions of people, is \$2, each in paper, and at our present prices, under Buchanan the cost was \$3.25 each in gold, and at the low prices ruling before the war—saying nothing about the cost of the great Democratic war against the nation. For Joint Representative Col. T. Sumner. He is a good and true man, even the Democracy has not been able to say a word against him. He is worthy your vote and will not betray you. You can rely on true worth and eminent ability in voting for him. Elect Daniel Barber county Auditor and the people will not have to pay thousands of dollars for stationery, and bills to any extent of an unnecessary character. Things are rotten and need cleaning out, and Mr. Barber will do it. Elect Harvey Atkinson county Clerk, and thus relieve the county of one McDonald. Mr. Atkinson will show the people that they have been paying \$8000 a year for a county clerk, and that the business can be done on a respectable salary. Elect Moses Keyser county Treasurer, and the people of this county will have an honest man in that office who will thoroughly overhaul things and tell us what has been going on in that office for many years. VOTE FOR PETER D. LOWE FOR RECORDER. He is a reliable, honest, sober, and industrious man.

MEDICINAL.

HOOFLAND'S GERMAN MEDICINES

Hoofland's German Bitters,

Hoofland's German Tonic,

Hoofland's Podophyllin Pill,

Hoofland's Greek Oil.

HOOFLAND'S German Bitters.

A Bitters without Alcohol or Spirits of any kind, is different from all others. It is composed of the pure juices of VITAL PRINCIPLES OF ROOTS, HERBS, and BARKS (or as medicinally termed, extracts), the worthless or inert portions of the ingredients not being used. Therefore, in one bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons of ordinary mixtures. The Roots, &c., used in this Bitters are grown in Germany, their vital principles extracted in that country by a scientific Chemist and forwarded to the manufacturer in this city, where they are compounded and bottled, containing no spirituous ingredients, this Bitters is free from the objections urged against all others; no desire for stimulants can be induced from their use, they cannot make drunkards, and cannot, under any circumstances, have any but a beneficial effect.

Hoofland's German Tonic

Was compounded for those not inclined to extreme Bitters, and is intended for use in cases where some alcoholic stimulant is required in connection with the Tonic properties of the Bitters. Each bottle of the Tonic contains one bottle of the Bitters, combined with pure SANTA CRUZ BARK, and flavored in such a manner that the extreme bitterness of the Bitters is overcome, forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtues of the Bitters. The price of the Tonic is \$1.50 per bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of pure quality. A poor article could be furnished at a cheaper price, but it is not better to pay a little more and have a good article than the best ingredients, and they who expect to obtain a cheap preparation will most certainly be cheated.

They are the greatest known Remedies for

LIVER COMPLAINT, DYSPEPSIA, NEURALGIA, BRUISES, JAUNDICE, DISEASE OF THE KIDNEYS, RHEUMATISM OF THE SPINE, and all diseases arising from a Disordered Liver, Stomach, or IMPURITY OF THE BLOOD.

Read the following symptoms: Constipation, Flatulency, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fullness or weight in the Stomach, Sore Throat, Sinking or fluttering at the pit of the Stomach, Swelling of the head, Headache or dizziness, Fluctuating at the heart, Choking or smothering sensations when at a lying posture, Humors of Vision, Tearing or watering of the Sight, Pain in the Head, Debility of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Glands, &c., Sudden Spasms of the Feet, Burning in the Feet, Constant Imaginations of evil and great depression of Spirits. All these indicate Diseases of the Liver or Digestive Organs combined with impure blood. The use of the Bitters or Tonic will soon cause the above symptoms to disappear, and the patient will become well and healthy.

DR. HOOFLAND'S GREEK OIL,

Lightening Cure for all kinds of Pains and Aches.

Applied EXTERNALLY.—It will cure all kinds of Pains and Aches, such as Rheumatism, Neuralgia, Toothache, Catarrhs, Sprains, Bruises, Frost Bites, Headaches, Pains in the Back and Loins, Pains in the Joints or Limbs, Stings of Insects, Kingworms, &c.
